

Program

22nd Czech-German
ENT days

13.-14.9.2024

Prague

22nd Czech - German ENT Days

13 - 14 September 2024

Hermitage Hotel Prague, Czech Republic

Dear friends and colleagues,

it is my great honor to invite you to Prague for the 22nd Czech-German ENT Days, which will be held on September 13 and 14, 2024. The congress will take place in the exclusive Hermitage Hotel Prague, which is located in the historic building of a former printing house in the very center of Prague.

Skull base surgery and thyroid gland diseases were chosen as the main topics of the following congress. Both topics reflect the long-standing tradition of surgical treatment of skull base and thyroid gland diseases in the Czech Republic and the pillars of specialized care provided by the hosting department.

You can look forward to a great scientific program including invited lectures by world-renowned experts, as well as instructional courses and an equally rich social and accompanying program such as the traditional Czech-German ENT Run around the Vltava River and the historical center of Prague.

The congress will be organized under the special patronage of the President of the Confederation of European Otorhinolaryngology - Head and Neck Surgery, Rector of Charles University and the Mayor of the capital city of Prague.

We believe that Prague, also known as „The Golden or The Hundred Spires“ will provide an excellent venue for the upcoming conference.

See you all in Prague in 2024!

On behalf of the organizers,

Kind regards,

Záštita

CHARLES
UNIVERSITY

prof. MUDr. Jan Plzak, Ph.D.
- President of CEORL-HNS
- Head of Dpt. of ORL-HNS, 1st Faculty of Medicine, Charles University, University Hospital Motol, Prague
